

Southern California Association of Activity Professionals

Educational Session Speaker Opportunity

Southern California Association of Activity Professionals Regional Symposium

Wednesday, August 28th, 2024

Park Vista Health Center
2525 N Brea Blvd, Fullerton, CA 92835

Dear Prospective Speaker,

The SCAAP members attending this conference are dedicated activity professionals who provide quality programming and events for seniors living in residential, assisted living, dementia units, and skilled nursing communities or for seniors attending adult day care centers. They are passionate about enhancing their knowledge in their professional line of work. Activity professionals come from as far north as San Luis Obispo and as far south as San Diego. This year we are planning on having 25-35 activity professionals participating during this event.

Each year the SCAAP Board researches the most current topics for all of the educational sessions that will be presented by educational speakers to ensure that the topics will meet the attendee's interests and needs. Our goal is for the educational sessions to provide a variety of topic areas that include: departmental and programming dynamics, current/creative resources, leadership skills, quality of life programming, group/1-1 therapeutic approaches, memory enhancements, updated survey trends, guidance on regulatory compliance, and the impacts of mental health on the resident's overall engagement. All which lead to enhanced quality of life for the people they serve. Sessions are usually 1-1 1/2 hours in length,

The SCAAP Board would like to invite you to speak at an **Education Session** at this year's symposium on Wednesday, August 28th. Please let us know if you are interested.

We appreciate your support. Please feel free to contact us if you have any questions. Kregg Kjar, SCAAP Director of Professional Development, at (714)269-7570 or email at Kreggkjar@yahoo.com and/or Laurie Kjar-Reiss, SCAAP President, at lkrctrconsultant@gmail.com or 714-269-7103.

Thank You,

Kregg Kjar
SCAAP Director of Professional Development

Laurie Kjar-Reiss
SCAAP President
